

JOB OFFER

Position in the project:	student
Scientific discipline:	Polymer chemistry combined with molecular biosystems engineering, materials science, and computational sciences
Job type (employment contract/stipend):	scholarship
Number of job offers:	5
Remuneration/stipend amount/month:	PLN 1 500-2 500 (depending on qualifications)
Position starts:	May 2023
Maximum period of contract/stipend agreement:	Till the end of 2023, with a possibility to extend
Institution:	Lodz University of Technology- International Centre for Research on Innovative Biobased Materials
Project leader:	Dr. hab. Vignesh Kumaravel, Prof. Piotr Paneth
Project title:	International Centre for Research on Innovative Biobased Materials (ICRI-BioM). Project is carried out within the MAB PLUS – International research Agendas programme of the Foundation for Polish Science
Project description:	It aims at the creation of an excellent scientific unit that focuses on combining polymer chemistry with molecular biosystems engineering experimentally and with the aid of computational sciences.
Key responsibilities include:	These positions will involve a research project on the development of materials for food packaging, antimicrobial implants, wound healing, tissue engineering applications, synthesis of polymers and nanostructures, or their computational modeling.
Profile of candidates/requirements:	The candidates should be registered students (materials science, chemistry, physics, molecular biology, etc) Expected skills include: <ul style="list-style-type: none">• Strong motivation for experimental or theoretical research• High scores in classes• Fluency in English
Required documents:	Interested candidates are requested to e-mail the following documents in a single PDF file <ul style="list-style-type: none">• Cover letter with a brief CV• Research interest statement
We offer:	Starting date May 2023 Scholarship until the end of 2023 (with a conditional renewal) Full public health insurance
Please submit the following documents to:	vignesh.kumaravel@p.lodz.pl and/or Piotr.paneth@p.lodz.pl
Application deadline:	April 20th, 2023
For more details about the position please visit	icri-biom.p.lodz.pl

(website/webpage address):	
Euraxess job/stipend offer (in case of PhD and postdoc positions):	not applicable

Processing personal data:

By submitting your application you agree with the following statement:

"I hereby consent to have my personal data processed by the Lodz University of Technology with its registered office at ul. Zeromskiego 116, 90-924 Lodz for the purpose of carrying out a recruitment process and selecting an employee, and concluding a contract for employment at the Lodz University of Technology. I have been informed of my rights and duties
